

## UPDATES & ACTIVITIES THAT MAY IMPACT CAMPUS OPERATION

*Week of January 4, 2016*

### SLO Aquatics – Main Pool Renovation

**Work this week:** Installation of the new PVC liner continues with new work at the existing gutter. The aquatics contractor continues to install misc. items such as the lane anchors and underwater light flanges. New boilers and flues have also been installed.

|                   |                                    |
|-------------------|------------------------------------|
| <b>Access:</b>    | No access into the gated pool area |
| <b>Noise:</b>     | Minor equipment noise              |
| <b>Parking:</b>   | Minor impact                       |
| <b>Utilities:</b> | None                               |
| <b>Odors:</b>     | Minor impact                       |
