

## CONSTRUCTION UPDATES & ACTIVITIES

*Week Ending September 30, 2016*

### San Luis Obispo Instructional Building Project

**Work this week:** Steel erection continues. Steel erection is approximately half way complete. The portion of the building that has been erected has been plumbed, lined, bolted, and partially welded. Steel decking has begun to be installed.

<b>Noise:</b>	Loud equipment noise due to steel erection
<b>Parking:</b>	Some parking loss for the duration of the project
<b>Utilities:</b>	None
<b>Odors:</b>	Some welding odors
<b>Dust:</b>	Moderate dust impact
<b>Vibrations:</b>	Minor vibrations
<b>Vision:</b>	Bright arc flashes
