

CONSTRUCTION UPDATES & ACTIVITIES

Week Ending January 26, 2018

North County Campus Center

Work this week: The plumbing contractor has continued to set finishes in the first floor restrooms. The glaziers set lights in the interior doors and door hardware has continued to be installed. Electricians continue to install their light fixtures and fire alarm devices in the ceilings on the second floor. The ceiling contractor continued to install his seismic wires and grid throughout the building. Site grading has continued around the exterior of the building.
