CONSTRUCTION UPDATE

## **CONSTRUCTION UPDATES & ACTIVITIES**

Week Ending August 23, 2019

## 12KV Primary Elect. EQ Replacement

**Work This Week:** The 12KV primary contractor has been locating conduit ducts and other infrastructure. This past weekend there was a campus-wide shut down; which allowed the contractor to gain access to the vaults and install conduits in preparation for the new gear that will arrive and be installed in December 2019.

Access: 12KV primary job site is CLOSED

Noise: Noise from equipment and trucking

Parking: May be adjusted depending on need

Utilities: Scheduled and alerted occasional power

shutdowns
