

**UPDATES & ACTIVITIES THAT MAY IMPACT
CAMPUS OPERATION**
Week of January 25, 2016

**San Luis Obispo Faculty Interim
Housing**

Work this week: Site grading around the new buildings for drainage is in progress, but wet soil conditions have slowed the completion of this work. Repairs to the acoustical ceilings, hand rails, and plate shims have been scheduled for next week along with a tentative punch walk.

- Access:** No access into the fenced Construction area
- Noise:** Equipment noise
- Parking:** Minor impact
- Utilities:** None
- Odors:** None
