

CONSTRUCTION UPDATES & ACTIVITIES

Week Ending September 16, 2016

North County Campus Center Project

Work this week: The contractors have completed setting all of the below slab utilities to clear the way for the installation of the below slab vapor barrier. The site utility contractor continues the installation of the sewer line and the storm drain system around the building perimeter.

- Access:** No access into fenced construction area
- Noise:** Moderate noise and vibration from equipment operation
- Parking:** Some parking loss in Lot 10 for the duration of the project
- Utilities:** None
- Odors:** None
- Dust:** Minor dust impact.
