

**CONSTRUCTION UPDATES & ACTIVITIES***Week Ending May 19, 2017***North County Campus Center**

Work this week: The framing contractor makes headway on the interior and exterior framing at the first and second floors and the exterior sheathing. The mechanical, electrical and plumbing trades continue the rough-in of heating ventilation, air-conditioning ductwork, plumbing, conduit, and pipe supports on the roof. Work moves forward with the welding of the 6" steel chilled water lines up to the roof, and we look forward to the installation of the exterior waterproofing. Lastly, the new driveway approach on Dallons Drive was completed this week.

- Access:** No access into fenced construction zone & modified pedestrian access route around site work on Dallons Drive
- Noise:** Moderate noise from equipment and framing operations
- Parking:** Minor loss of spaces in Parking Lot 10
- Utilities:** None
