

CONSTRUCTION UPDATES & ACTIVITIES

Week Ending September 15, 2017

North County Campus Center

Work this week: Drywall installation has started at the computer lab skylight opening and continues throughout the building. The interior and exterior paint and ceiling installation continue to progress. Electrical, communications, plumbing, HVAC, and fire protection installation and testing continues on both floors. The HVAC units on the roof are being wired and plumbed. Finish work on the PVC roof system continues, and the roofers have started installation of plywood on the mansard roofs.
