

CONSTRUCTION UPDATES & ACTIVITIES
Week Ending December 29, 2017

San Luis Obispo Instructional Building

Work this week: The site concrete has been completed and landscaping around the building is near completion. Skate-stoppers have been installed on the concrete seat walls in the plaza area. The asphalt paving has been completed and will be striped next week. The metal ceilings have been completed in the conference rooms. Final cleaning and set up of offices and classrooms is continuing throughout the building.
