

# MEASURE L TAKING SHAPE

**V**isit either the San Luis Obispo or North County campuses and you will notice some major changes underway. Both campuses are simultaneously erecting new buildings by way of Measure L funding.

The San Luis Obispo Campus is constructing a 32,000 square foot, two-story instructional building, that will include eight high capacity multi-discipline classrooms capable of serving up to 45 students, one large forum size classroom with full capacity of 90 students, plus faculty offices and meeting rooms.

On the North County Campus, visitors can see daily progress on a new campus center. The 43,000 square foot, two-story structure will house a variety of student services, such as counseling, admissions and records, and financial aid, as well as other services like the cafeteria, bookstore, and health center.

The new structures will hold programs and services displaced due to state-mandated modular removal. Both are set to be completed at the end of 2017 and will open for business in the spring of 2018.

Measure L is a \$275M general obligation bond passed by the voters of San Luis Obispo County in November of 2014. For project details, photos, maps and more, visit [www.cuestacollegebond.info](http://www.cuestacollegebond.info).
