

CONSTRUCTION UPDATES & ACTIVITIES

Week Ending January 12, 2018

San Luis Obispo Instructional Building

Work this week: The project is substantially complete. The furniture and equipment has been installed in the offices and classrooms and are ready for classes to begin at the start of the spring semester. The parking stall lines have been painted and signage has been installed in the parking lot. The contractors have received the punchlist items from the architect and are working to complete their items.
