

CONSTRUCTION UPDATES & ACTIVITIES

Week Ending May 18, 2018

North County Campus Center

Work this week: The landscape contractor delivered a portion of their plants to the site. The temporary fencing and construction rock entrance was removed from the site. The countertops in the first and second floor lobbies were completed this week. Contractors are working on completing items that have been noted on the Architect’s punchlist. Faculty began to move into the building at the end of the week.
