

CONSTRUCTION UPDATES & ACTIVITIES

Week Ending August 20, 2021

North County Campus Parking Lot 10 and Site Improvements

Work this week: Concrete was poured to set the steel frames for dry creek crossings in place. The concrete curb bordering the dry creek was also poured in place. Irrigation installation work is ongoing. The landscape contractor began prepping the soils for planting materials. Additional reinforcing steel was also placed for the main 25' walkway in preparation for the next concrete pour.

Noise: Loud noise from equipment & trucking
Parking: No Parking Impacts
Utilities: No Interruptions at this time
Odors: None
