

CONSTRUCTION UPDATES & ACTIVITIES

Week Ending June 30, 2023

SLO Campus Center

Work this week: The contractor continued backfilling the under-slab plumbing trenches. Elevator pit rebar was installed; pit floor and footings have been poured. Contractor will begin forming elevator pit walls next week.

Trenching and installation of site domestic water and fire water line is in progress.

- Noise:** Equipment & trucking operations
- Parking:** No Impact
- Utilities:** No Impact
- Odors:** None
